“ *My deepest sympathies to the family of Aida Cruz Soto. Aida was my partner and friend during our residency training and we shared many tough experiences on the floors of the hospital, as well as many moments of fun and laughter. She had a great sense of humor and a warm heart. Aida really valued being a doctor who provided care for people from many backgrounds but especially enjoyed helping patients who were Spanish speaking navigate the complex world of medical care. She will be missed but her spirit and our memories will be with us always.*

*Love,
Michele St Louis and family*

“ I remember Aida and Eric’s wedding in Manhattan several decades ago. They were very connected and happy with their lives. Their voyages to Dorado in PR were very special. They both had so much pride and love for their daughter Rebecca that I have been proud to witness such bliss. She made my longtime friend Eric so happy that I have had nothing but respect and love for her. Her transition is very hard to accept. But I know she continues to look over her family and friends divinely. Peace Aida! -Jerome (Menifee)
