“ *To my Brother-in-Love Bryant, you knew of me before we even met . I have NEVER had a 5 hour phone conversation with anyone but we spoke for hours and hours after Stephen passed and in the days to come. Those conversations comforted my soul. You've done so much for your family from such a young age. You were your mother's strength and your siblings rock!. I can't believe you're gone. I am so happy I got to see you recently. Please tell Stephen my love that he brought us together. I thank God for your life and you will forever live in my memory. Your work here is done so take your rest until we meet again. Love you always. Ingrid*

“ I met Bryant when I was just 19, and I had the privilege of working side by side with him at Croton Point Park. Years later, when I returned as the foreman, our paths crossed again, and we picked up right where we left off. We shared so many great memories over the years. I'll carry those memories with me until we meet again. I'll miss you, my friend.
