“ *The Arents were lovely, gracious and kind neighbors. We lived across the street from them and shared many moments of happiness, including Mrs. Arents delicious meals, especially her German dishes. She and my son, who is now in his 30s and pictured in this image, grew a small vegetable garden. What a gardener she was! Every Easter she would sweetly and quietly deliver a basket to my son with a big chocolate bunny. He and I just spoke of her fondly. Such special memories of such an extraordinarily wonderful woman.*
