As Paige, Sabastian, and Zoe navigate through this difficult time, many of you have expressed a desire to help. “ Dear Stephen, Bobbi, and Leon,

I am so sorry to hear about Kevin's passing. Some of my greatest childhood memories were spending time with Kevin and the family. Whether it was playing football on the front lawn, sleepovers, or ski trips with all of you to Canada, I cherish the time we spent together. Sadly, we drifted apart over the years but I will always hold a place in my heart for all of you. Please accept my deepest condolences for your loss.

With a heavy heart,

“ *Leon, Bobbie, and Stephen, I am deeply sorry to hear about Kevin's passing. Kevin, Robbie, Chris and I, were good friends in elementary school. I remember many afternoons after school, playing football on the front lawn. And I was there when Robbie broke his leg that one afternoon. After high school, I lost touch with Kevin, but never forgot about our friendship. My condolences to all of you during this difficult time. Rest in peace old friend.

“ I was just five years old, wandering down Talisman Drive, when I met you for the first time. Your family had just moved in a few houses away, and I remember your mom calling out to me, introducing you and Stephen, and inviting me to play. That day marked the start of a friendship that would last for decades.

Though life took us in different directions and there were years when we lost touch, we always found our way back to each other. Those moments of reconnecting reminded me of the special bond we shared and the importance of cherishing every moment.

Even though it's been too long since we last spoke, the memories of our friendship are vivid and dear to me. Your passing is a stark reminder of how quickly time goes by and how precious our connections are.

You will always be in my thoughts, Kevin. You will be missed more than words can say. Rest in peace, my friend.
