“ *“She has taken her bright candle and gone into another room we cannot find. But anyone can tell where she has been by all the little lights she left behind”.*

Your mom brought light and joy to everything she did. The twinkle in her amazing eyes was never so bright as when surrounded by family and friends - she made everyone feel welcome and loved, she made us all feel like family. And the food! Oh my did she prepare the most fabulous meals - her pesto is a staple in our kitchen to this day and her Italian plum cake...unbelievable. She made everything with the very best ingredient....love. Your moms love will endure and her light will continue to shine. Carolyn, we feel so lucky to have known your mom, and you are all incredibly blessed to have had this amazing and inspiring woman for your mom, grandma...wife. Our hearts, thoughts and prayers are with you all as you walk together through this journey. You will share warm memories, laughter, tears and love...embrace them all.
