“ Sincerest sympathy to Robert's family from all at the Neighborhood House. Robert stopped by earlier this year, asking for help with his appointments at Westchester Medical Center. Our coordinator assisted him in making the appointments and setting up taxis to get him there and back. He was a few days away from getting much needed eye surgery when he passed. He touched many people's hearts with his quiet demeanor, both at the Neighborhood House and at the Medical Center. We would like to be informed if there is a service so that we can pay our respects. “ So sad to read about Robert's passing. He was always walking around Tarrytown. So amazing at his age, so independent. Always friendly. I'll miss seeing him. -Erin B.
